ZESTRON®, VIGON®, ATRON®, HYDRON® - Products: Non Preferentially favoured

To whom it may concern

Due to the increasingly difficult economic situation in recent months with significantly more unstable purchase prices, as well as the tense personnel situation, we have come to the conclusion that we cannot guarantee a preferential origin for a longer period of time. In order to add alternatives to the supply chains that have become uncertain, additional manufacturers being searched and qualified.

In addition, the purchase prices have increased significantly in some cases with the result that the preference is being lost more and more often.

We ask for your kind understanding.
